

# water efficiency matters

small things can make  
a big difference!

## did you know?

A tap dripping at one drop per second wastes **4,750 litres** a year

# TURN OFF

Please make sure you **turn taps off properly** (and let us know if any aren't working properly)

Use the half flush wherever possible – it can save around **30 litres** of water per person each day!

**Be a water  
efficiency  
champion**

**If you see a drip, leak or fault in the sinks, taps or toilets, please report it to your manager.**

Wasting water doesn't just put a strain on a business' budget, it also takes its toll on the environment. By working together, we can reduce the impact we make and our business can help to ensure a sustainable water supply for the UK into the future.
